Re: Application for the Blue Angel Eco-Label pursuant to DE-UZ 30a
for "Products made from Recycled Plastics"

Dear Sir or Madam,

to make sure your application for Award of the Blue Angel eco-label is processed without delay you are kindly requested to submit the following documents to RAL gGmbH:

- Product-related informal application on the firm's letterhead paper indicating the federal state being home to applicant's production facility that manufactures the products to be Blue Angel eco-labelled.
- Annex 0: General application form for the Blue Angel eco-label (form)
- Annex 1: Declarations/Compliance Verifications with regard to the Contract (form)
- Annex 2: Description of the finished product, product brochure and a reference product, where required (para. 3.1)
- Annex 3: Confirmation by an independent expert body (para. 3.1)
- Annex 4: EuCertPlast Certificate, including report from the recycling company (para. 3.1)
- Annex 5: Test reports on phthalates, halogen compounds as well as cadmium and lead (if relevant under para. 3.3)
- Annex 6: Safety Data Sheets of the additives (paras. 3.4 and 3.7)
- Annex 7: if applicable: test report on the migration of heavy metals in accordance with DIN EN ISO 71-3 (para. 3.5)
- Annex 8: if applicable: test reports on the migration of heavy metals in accordance with DIN EN ISO 71-3 and on PAHs pursuant to AfPS GS 2014:01 PAK (para. 3.6)

- Expected sales of the Blue Angel eco-labelled products during the year of application. This information is required only if, so far, no Contract on the Use of the Environmental Label pursuant to DE-UZ 30a has been concluded with RAL gGmbH.

If test reports are required the tests must be performed by laboratories meeting the general requirements of EN ISO 17025 or an equivalent standard (e.g. GLP).
Test reports, certificates, Safety Data Sheets etc. to be provided must be no older than one year at the time of submission.
