

55415 tesa® INSECT STOP FALT foldable Aluminum door frame, telescopic

The tesa® INSECT STOP FALT foldable Aluminum door frame, telescopic is the easiest-to-install tesa Aluminum frame system which adapts smoothly to the dimensions of most doors and offers long term protection against insects.

The high-quality and innovative tesa® Insect Stop FALT Door Frame can be attached easily without measurements: simple but effective support brackets, applied with tesa Powerstrips®, hold the FALT frame in place to define the size and to fix the FALT frame to the door.

The Clearview Plus fiberglass fabric provides optimum ventilation and good visibility with high mechanical resistance.

Main Application

- Durable aluminum frame system for doors for mechanical protection against insects
- Faster assembly due to folding corner connectors
- Adjustable through telescopic profiles
- tesa® Powerstrips with support brackets for easy installation directly on the door opening
- 5 years warranty
- Clear View Plus fiberglass: high transparency for high air circulation
