

PEYGREEN

Characteristics

PEYGREEN is a white natural paper made from 100% secondary pulp.

The whiteness and the glazed surface offer a perfect printing behaviour.

Little inclusions are normal for this material and do not have any influence on the product quality, but possibly on the printed image.

Application possibilities

- _ book covers
- _ book jackets
- _ endpaper
- _ cover material for packaging
- _ cover material for brochures
- _ cardboard for packaging

Processing possibilities

- _ printable in offset and screen printing
- _ we recommend tests before digital printing
- _ blind embossing, hot foil embossing
- _ grooving and creasing

We will be happy to provide you with further processing-relevant material information.
