Toilet paper jumbo rolls

Cod. 812150E

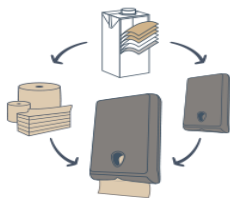

JUMBO T.P. LUCART ECONATURAL 3

Update : 16/01/2025

DESCRIPTION

Le papier toilette en jumbo **EcoNatural 350** est fabriqué à partir de Fiberpack®, la nouvelle matière première issue du recyclage des briques alimentaires. En effet, Lucart Professional offre une seconde vie aux briques alimentaires !

Grâce à un **procédé exclusif** et mécanique, Lucart parvient à séparer les matériaux des briques alimentaires afin de les recycler totalement. Les fibres de cellulose, dont la qualité est similaire à de la pure ouate, deviennent le **Fiberpack®**, dont sont faits les produits d'essuyage EcoNatural. L'aluminium et le polyéthylène deviennent l'**Al.Pe.®**, utilisé notamment pour fabriquer les appareils EcoNatural Flow.

En optant pour la gamme EcoNatural, vous faites un **geste concret pour la planète** : réduction des déchets, préservation des ressources naturelles.

Avec sa longueur de 350 mètres, ce jumbo dispose d'une **grande autonomie** et sera idéal pour les environnements à **forte affluence**.

Certifié **EU Ecolabel**, ce produit respecte des critères environnementaux rigoureux.

Découvrez-en plus sur notre concept EcoNatural, le **seul système PAPIER + DISTRIBUTEUR** qui recycle 100% des briques alimentaires.

Update :16/01/2025

DESCRIPTION

EcoNatural 180 jumbo toilet paper is made from Fiberpack®, the new raw material derived from food-brick recycling. Lucart Professional gives food packaging a second life!

Thanks to an exclusive mechanical process, Lucart is able to separate the materials from food cartons and recycle them completely. The cellulose fibers, whose quality is similar to pure pulp, become Fiberpack®, from which EcoNatural wiping products are made. Aluminum and polyethylene become Al.Pe.®, used in the manufacture of EcoNatural Flow appliances.

By opting for the EcoNatural range, you're making a concrete gesture for the planet: reducing waste and preserving natural resources.

With its 180-meter length, this jumbo has the ideal range and compactness for medium-traffic environments.

EU Ecolabel certified, this product complies with rigorous environmental criteria.
