

ZOSIA SAMOSIA Trash Bags with elastic string – Product Sheet

35 L Version

ZOSIA SAMOSIA Trash Bags LD 35L – 10 pcs (Elastic String, Scented)

Keep your home clean and fresh with ZOSIA SAMOSIA 35-liter Trash Bags. Designed for everyday convenience, these bags combine strength, practicality and a pleasant fragrance:

- Effortless Fit – A built-in flexible elastic string ensures quick and secure attachment to most waste bins, preventing slipping and making bag changes easy.
- Fresh Original Scent – Lightly scented to neutralize and mask unpleasant odors, keeping your kitchen or office smelling fresh.
- Enhanced Durability & Look – An attractive embossed finish not only reinforces the material against tearing but also adds a neat, premium appearance.
- Two-Tone Design – Available in elegant dark blue and green for a modern, hygienic look.
- Easy Dispensing – Interleaved on the roll for hassle-free, single-bag separation every time.
- Durable Film – Made from 23-micron LD film for reliable resistance to punctures and leaks.
- Size: 62 × 54 cm – perfect for 35 L bins.

60 L Version

ZOSIA SAMOSIA Trash Bags LD 60L – 8 pcs (Elastic String, Scented)

Handle larger volumes of waste with ZOSIA SAMOSIA 60-liter Trash Bags – the same premium quality, now in a bigger size:

- Secure Elastic Closure – The flexible drawstring adapts to a wide variety of bin shapes, keeps the bag firmly in place and allows for easy, tidy removal.
- Odor-Masking Fragrance – A fresh original scent helps conceal unpleasant trash smells for a cleaner environment.
- Embossed Strength – Reinforced texture for greater tear-resistance while maintaining an attractive, professional look.
- Stylish Dual Colors – Dark blue and green give your bin a clean, coordinated appearance.
- Quick Pull-Off – Interleave technology means each bag is easy to take off the roll without waste or tangling.
- Durable Film – 23-micron LD material provides strong leak protection for larger loads.
- Size: 71 × 64 cm – ideal for 60 L bins.

Certified with the Blue Angel eco-label for environmental friendliness.
