

B65 Eco Smooth Basket

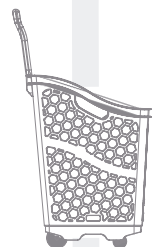

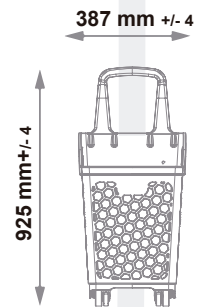

The B75 eco basket is committed to protecting the environment, the reduction in the use of raw materials and the reduction of energy consumption and CO2 emissions on the planet. Therefore, it is made with recycled materials.

Polycart supports the circular economy and the sustainability through environmentally friendly production processes.

The B65 shopping basket has a capacity of 65 litres. It weighs less than 2 and a half kilos, making it very light, handy and stackable. It has a handle with rounded edges. And the basket includes two handles on the sides.

It is a fully customizable product, both for the variety of colors, and for the inclusion of the customer's image through our non-removable printed label system.

All four wheels are made of rubber. It has 75 mm fixed rear wheels and 50 mm swiveling front wheels.
