

Bengali

Recycled Paper

Description

Colour is a unique vector of communication. Use it to create, classify, share an emotion.

You can do it from now on with Bengali, a creative range produced from 100% recovered fibres in a mill which has a very low impact on the environment.

Its bright colours, its ability to laser and offset printing make it the ideal medium for a green, or yellow, or fuchsia or orange coloured communication the choice is wide among its 17 shades and 4 substances.
