Design **flooring** MeisterDesign. next Edition M7

THE VINYL FLOORING WITHOUT VINYL

Design flooring MeisterDesign. next A new flooring standard!

Quiet, water-resistant, perfect for healthy living – and that with a completely new surface brilliance! Design flooring MeisterDesign. next sets completely new standards when it comes to flooring. Not only is 'vinyl flooring without vinyl' PVC- and plasticiser-free, and with its dampening cork layer completely sustainable, it also comes with a particularly soft and elastic surface coating. This makes MeisterDesign. next the perfect match for sock and slipper haters and all those who prioritise comfort! And the best thing? Eight high-quality wood decors leave nothing to be desired visually!

MeisterDesign. next

Design flooring that meets almost all living requirements: its high-quality, three-layered product structure forms the basis of a durable and sustainable floor covering, which is just as suitable for extra comfort in living rooms and bedrooms as it is in kitchens or bathrooms (and of course with underfloor heating!). The integrated cork sound-absorbing cushion provides calm and comfort, while the AquaSafe system ensures carefreeness. With four hours' water resistance, special edge impregnation and the airtight, patented fold-down click system Masterclic Plus, even damp can't get a look in! It almost goes without saying that MeisterDesign. next is durable and easy to clean.

*Can be laid in humid rooms such as bathrooms. This does not include outdoor areas or wet rooms, such as saunas, shower cubicles, steam rooms or rooms with a floor drain. **Tested bacteria: Staphylococcus aureus, Escherichia coli

For a perfect finish

With MEISTER, you can be sure that everything matches! Underlay materials, skirting boards, profiles and ends – you get everything from one source. Making your MeisterDesign into a long-lasting integrated furnishing solution that suits you perfectly.

3

Open for all styles – white skirting boards.

What does white have that other colours don't? The openness to adapt to any style and the capability of supplementing all other colours without effort. For this reason, our skirting boards with white decor film add that little something to every interior design style and can be combined excellently with all flooring types. The large selection of different profile shapes opens up the opportunity to set both classic and modern highlights, depending on individual tastes.

Worry-free all round – the waterproof skirting boards.

A waterproof floor offers you a worry-free all-round package in terms of durability and ease of maintenance. To ensure the whole floor system lasts, choose the waterproof skirting boards »Aqua« in white or stainless steel (decor film) to finish against the wall. This way, you will always be on the safe side.

A harmonious appearance – with floormatched skirting boards.

You are right to want pure harmony in your own four walls, starting with the base. With skirting boards matching the shade or decor of the respective floor, you will easily achieve your goal.

The balanced interaction between flooring and skirting board is rounded off by the decor being continued from skirting board to skirting board. This is how good perfect harmony looks.

Colourful and with character – skirting boards you can paint yourself.

In the same colour as the wall? To match your furniture? Or something completely different? It's up to you: design your skirting boards exactly according to your own wishes! Covered with a paintable film, these skirting boards are ideally prepared for the implementation of your personal ideas. Let your imagination run wild!
