

ElliePro

10HST

The designers from the ITO Design studio have combined the comfort of a home chair with the ergonomics and functionality of an office piece of furniture. As a result, the Ellie Pro armchair will work well in any interior design project, adding both subtlety and softness as well as modernity to spaces.

Collection features:

- Quick and easy adjustment with the synchro self mechanism (height and tilt adjustment).
- mechanism fully integrated into the seat
- possibility of choosing two-colour upholstery
- several types and colours of bases (four- and five-star bases and metal wire frame or version with wooden legs)
- Blue Angel certificate - confirms that our chair is environmentally friendly
