

Everprint Plus Light Coated

Rebecca Life

Description

For high quality eco-responsible prints **Everprint Plus Light Coated** is a paper made with 100% recycled, post-consumer cellulose fibres. Its surface finish, both coated and satin-finish, guarantees exceptional offset printing results. Its natural whiteness, 95 CIE, allows a wider range of colours and shades to be reproduced.

Its light satin finish gives it a very silky touch and ensures great visual comfort.

Certified FSC recycled and manufactured in France, **Everprint Plus Light Coated** is the signature of high quality eco-responsible prints. **Everprint Plus Light Coated** is available from 80 to 300 g/m² to suit all applications: commercial or institutional brochures, annual reports, newspapers, magazines, catalogues, beautiful books, calendars...
