

OPTIMO

OPTIMO is a chrome-free protected leather.

Surprisingly firm, very durable and practical, OPTIMO has a light surface coating that makes it water resistant, designed to protect the leather from any stains, fading or wear and tear over time.

It's no coincidence that our name for this collection is OPTIMO. It's the ideal, optimal leather that can be used for almost any type of furniture or design concept. The fine surface pattern gives it a uniform look, which also makes it easy to work with.

Our OPTIMO collection has received the LEATHER STANDARD by OEKO-TEX® certification.

Minimum order 1 hide

Dispatch Within 24 hours

Type Protected leather

Thickness 1.1 - 1.3 mm

Size 5.0 – 6.0 m²

Origin European rawhide, typically from Italy, Germany, Austria and Switzerland

Surface Very strong and durable with a uniform surface grain

Finish Extremely strong surface protection

Tannage Chrome-free

Dye Water-based aniline dye

Particular attributes Water repellent, dirt repellent, stain resistant, durable, easy upkeep. A firm, buffed leather with a very fine surface print

Care & cleaning

As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time. Here are a few tips:

Our leather is ready for you to use as soon as it arrives, so there is no initial need to treat it or clean it. Over time if you see the need for cleaning, use a vacuum cleaner once or twice a month with a soft brush to remove any dust. Once or twice a year for thorough cleaning, use the foam from soap flakes stirred in warm water. Apply the foam with a dry soft cloth, minimizing any contact with water. Avoid bar soap, saddle soap, leather cleaners, household detergents or chemical products. Protect from direct sunlight, excessive heat and sharp objects.

The care and maintenance of leather will always depend on the specific way in which it is used, the conditions of use and how often it is used.
