

reborn SATIN

Product information

- Coated paper BLUE ANGEL and FSC Recycled Credit certified
- Optimum opacity for all substances
- Optical brighteners free
- High printability
- Clear and well-defined image reproduction
- Impeccable chromatic performance

Printing method	Heatset web-offset, Sheet-fed offset
Format	Reel, Sheet
End uses	Art and luxury books, books and publishing covers, brochures, catalogues, environmental reports, magazines
Range of weights (g/m ²)	from 90 to 350 (Sheet-fed offset) from 90 to 170 (Heatset web-offset)

Company information

Burgo Group is a leading European manufacturer of papers for communication, specialty papers and paper for corrugated cardboard. The Group constitutes an actual 'system' developed around the world of paper: production, distribution, paper recycling and processing of forest products, but also factoring and energy. A complete range of high-quality products, an aptitude for research and development of innovative solutions, and a strong focus on the environment: this is how Burgo Group has established itself as a key partner in the communication, printing, publishing, converting and packaging sectors, thanks to a business vision embedded in a wider system. It is no coincidence that the Burgo Group makes sustainable development and the principles of the circular economy a key aspect of its business and this is apparent in all its processes, from the purchase and use of resources to the recovery of wastewater and the optimization and reuse of waste for energy production. The Burgo Group carries out its industrial activity through 11 plants, 10 in Italy and one in Belgium, with 14 production lines.
