Obelos®
Conference and Collaborative Tables

Obelos® is a highly versatile and customizable collection of collaborative tables that empowers people to connect, learn and work better in person or through hybrid meetings.

Applications

Highly Versatile, Highly Customizable Tables

The Obelos collection simplifies space planning activities, as it features a wide range of tabletop shapes and sizes, power options, and finishes. These tables are easy to assemble and disassemble, match any space requirements, and can accommodate any budget while remaining intuitive to specify.

One Collection for All Your Design Needs

The Obelos collection was thoughtfully curated to include all the table solutions you might need throughout your floor plan. It includes everything from low-lounge and lounge tables perfect for social spaces to seated-height tables ideal for focus work and standing-height tables ideal for collaborative settings.

Supports Diverse Postures and Work Modes

Available in multiple heights and shapes, the Obelos tables allow people to switch from one posture to another while working individually, collaborating with other teammates, or hosting virtual meetings. The optional footrest available for standing-height tables and the convenient power solutions provide elevated comfort and help people maintain focus for longer.

Suitable for Small to Large-Scale Applications

Whether looking for a functional collaboration table for a hybrid hub or wishing to revamp a library space, Obelos has the right solution for every need, including single-leg and double-leg options. It's a collection designed for today and tomorrow, that blends seamlessly into space while helping you maintain a consistent design style.

People + Planet

We partnered with German design company WYE Design to create sustainable tabletop options for Obelos, made from Neolign material.

Neolign consists of 83% wood shavings, a by-product of the wood industry. In combination with special color pastes and polymers, the result is a beautiful, natural look. The tops are 100% circular and can be recycled into new products or tabletops when sent back to WYE Design.

We're offering the sustainable tops in two premium colors: Lavender Leaf Green and Slate Black.
