

A multiterritorial working approach with  
ACTIVE.T, OKAY.III and MEMO.S nesting table

# NEW OFFICE WORLDS FOR MOBILE PEOPLE

# For more variety – including space management

Office environments are far less static than they used to be. Flexible workstations, meeting corners, relaxation zones, telephone booths, creative lounges – it's easy to integrate all that into an existing building and still save office space.

Over the next few pages we'll show you how things could look when you mobilise your employees. **Discover the variety of multiterritorial offices and look at a few examples of how the different style collections can be coordinated with your work culture.**

Invest what you save by rationalising your space management in furnishing solutions for the future. It's well worth it!

# IT'S ALL A QUESTION OF STYLE

Our four style collections provide a great basis from which to translate your unique work culture and corporate design into customised room concepts.

At the front you can see **ACTIVE.T desks and OKAY.III swivel chairs**, with the meeting room shown in the **FLOW** style collection, and opposite that the meeting scenario is based on the **PURE** style collection. **TIMELESS** is the style of the training room shown top centre, while the meetings featuring an interactive media wall are designed using **VISION**. The lounge furniture is from our **NET.WORK.PLACE Organic** series.

Products:  
ACTIVE.T individual workstation, OKAY.III swivel chair, ACTA.PLUS lockers, meeting table,  
MOVE.MIX bar stool, MEMO.S nesting table, NET.WORK.PLACE Organic

Products:  
ACTIVE.T bench, OKAY.III swivel chair, ACTA.PLUS lockers, QUIET.BOX Duo, THINK.TANK, NET.WORK.PLACE elements, meeting table with square tube legs

## WORKPLACE ON THE MOVE

**Swivel chair  
with bounce effect:**  
the flexible backrest of  
the OKAY.III promotes  
movement, stimulates  
blood flow and encourages  
healthy sitting.

Digitisation allows us to structure our work far more freely. If team members are frequently at customer premises, travelling on business or in meetings, they don't need a permanently allocated workstation. Home offices and part-time positions are further reasons to justify flexible workstation models.

People can choose a solution that's appropriate for the task in hand. Maybe an **ACTIVE.T bench** with an **OKAY.III swivel chair**, or a meeting solution such as **THINK.TANK** or the **QUIET.BOX Duo**.

# OPEN SPACE SMART ORGANISATION

Agile working unlocks potential – the Open Space Office creates the conditions for this to happen: multiterritorial working is possible in a diverse and inspiring spectrum of rooms, workstations and spaces. As a team or independently, communication-based or focused.

How can we organise rooms efficiently even though people are working everywhere? With **K+N SMART.OFFICE** we turn the challenges of the new working environment into opportunities. The app makes it easy for employees to find and book meeting rooms and workstations – and lots more.

**K+N SMART.OFFICE** is a digital service that organises agile work cultures efficiently and simply: the app displays free workstations, assists with room booking and helps locate colleagues. It allows facility managers to analyse, plan and optimise the use of space and resources at any time.

Products:  
ACTIVE.T double bench with slab end, OKAY.III swivel chair, ACTA.PLUS filing cabinet, BASIC.4 desking range, NET.WORK.PLACE elements, K+N STANDBY.OFFICE 2.0

# INFORMAL OFFICE CHIC

There are so many possibilities when it comes to communication-friendly furnishing solutions for the open space! You're free to do whatever you like thanks to the selection of styles, materials and colours on offer.

Podiums or lounge corners furnished with NET.WORK.PLACE Organic are ideal for informal meetings – while for quick stand-up meetings or longer presentations to a seated audience, our **MEMO.S nesting tables** are the perfect solution.

All personal effects can be stored safely in the ACTA.PLUS lockers.

MEMO.S nesting table  
with side trims  
in various colours.

Products:  
MEMO.S nesting table, QUICK.II, NET.WORK.PLACE Organic, ACTA.PLUS lockers,  
podiums, QUIET.BOX Organic, OKAY.III swivel chair

**We'll create a custom-designed  
solution for your work culture –  
whatever it's like!**

**ACTIVE.T  
OKAY.III  
MEMO.S**

# KEEP ON MOVING ACTIVE.T

## K+N SMART.OFFICE READY

- + Allows optimised organisation of working environments via desktop-based app
- + Smart-ready motorised column as standard
- + Smart adapter connection for ID-Connect Mini

### ACTIVE.T

- + As individual and bench workstation
- + Motorised height adjustment from 650 mm to 1300 mm, fast and quiet
- + Stand-alone desks with T-leg and symmetrical frame
- + Horizontal cable management via hinged cable tray, two heights
- + Fabric-covered screens (desk-top and fly-by) for clamping to the desk top
- + Top in solid colour and wood effect
- + Leg frame in white, alu coloured or black

# OKAY.III AND MEMO.S

## OKAY.III

- + Two backrests to choose from: **knitted mesh fabric** stretched across coloured bounce bands or **fully upholstered** with 3D mesh fabric
- + Integrated lumbar support, can be adjusted asymmetrically in height and depth
- + vsp® synchro mechanism with a synchro ratio of 1:2.6 and an opening angle of 30°
- + Individual weight setting from 45 to 120 kg
- + Three armrest styles available
- + Neck support and clothes hook (also in combination) can be retrofitted

## MEMO.S nesting table

- + In two heights for increased flexibility and mobility in meetings
- + For multi-purpose seminar and training rooms
- + With optional roll-over sockets
- + Side trims for cable management are available in different colours
- + Easy handling and space-saving storage

# KEEP ON WORKING ACTIVE.T

## FABRIC-COVERED FLYBY SCREEN

Height-adjustable through 140 mm in the fabric groups 20, 82, 91 and 92.

## UP-AND-DOWN CONTROL PAD

For quick height adjustment using two buttons between 650 and 1300 mm.

## FRAME

Available in white, aluminium and black.

## DESK TOP

in 25 mm MFC, bolted to the frame side pieces.

## CABLE CHAIN

For vertical wire management.

## SURFACE FINISHES

Top in solid colour and wood-effect.

# K+N SMART.OFFICE

**Take your place in the agile work culture – with smart support and a stress-free approach.**

How can we organise rooms and processes efficiently even though people are working everywhere? How can we empower agile project teams so that they can work within a structure whilst remaining healthy? **K+N SMART.OFFICE** networks space, facilities and people, turning these challenges into opportunities.

**K+N SMART.OFFICE** is a digital service that organises space simply and ensures that it's used efficiently. To achieve this, sensors are installed in rooms and furniture, and then **K+N SMART.OFFICE** can be accessed via an app or from a desktop.

The system consists of **three modules** that you can integrate into your infrastructure individually or in combination depending on your needs.

With

## K+N SMART.OFFICE STUDY

you can achieve transparency in your room and facility use, and understand your optimisation potential – enabling you to manage space more efficiently.

- + Find out the use and capacity of spaces and resources
- + View data in real time
- + Detailed analysis for new efficient room/space planning

With

## K+N SMART.OFFICE WELLNESS

employees can customise their desks to suit individual needs. That makes you a more attractive employer.

- + Personal settings (desk height) are “portable”
- + Reminds employees to stand up
- + Increased motivation to move by defining goals and providing analysis

With

## K+N SMART.OFFICE COMPANION

it's easy for employees to book rooms and workstations. This helps to make organisation of dynamic work cultures efficient.

- + Find and book free rooms and workstations
- + Filter by number of people and equipment
- + Touch-screen instant booking for meeting rooms
- + Find colleagues
