

Cover film made of recycled material / Schutzfolie aus recyceltem Material

We produce film from recycled material in a wide range of width, length and thickness variants.

We guarantee perfect quality, high tear resistance and a favorable price.

Our products contain at least 80% recycled content and we can deliver in a wide range of colors and different prints.

We offer:

- consistent quality
- wide range of colors
- high content of recycled material
- printing option
- post consumer recycled- we hold the EuCertPlast certificate

The possibility of purchasing your PE waste and returning packaging made of this material - cyclical economy.
