Re: Application for Blue Angel for External Thermal Insulation Composite Systems (DE-UZ 140)

Dear Sir or Madam,
to make sure your application for Award of the Environmental Label is processed without delay you are kindly requested to submit the following documents to RAL gGmbH:

| |
|--|
| Application via Web-Portal (https://portal.ral-umwelt.de/) |
| Annex 1: (manufacturer's declaration/form), completed and signed.. |
| Annex 2: Information on the presentation of the ETIC systems on the website of the Blue Angel and the manufacturer. |
| Annex 3: Supplier's declaration/form for the system components |
| Annex 4: SDS of the system components that are considered mixtures in the sense of the chemical law (adhesive and reinforcing compounds, renders, top coatings, etc.). |
| Annex 5: (Supplier's declaration/form of the insulation manufacturer): To be used as an alternative to Annex 1 if the manufacturer is unable to provide the declarations. Only for insulation materials made of mineral wool : Proof that the insulation materials meet the requirements of the RAL Quality Mark "Products made of Mineral Wool" of the Quality Assurance Association Mineral Wool e.V. |
| Annex 6: For wood-based insulation materials only: Certificates of the raw material suppliers (Forest Stewardship Council (FSC), Naturland or PEFC (Programme for the Endorsement of Forest Certification Schemes). |
| Annex 7: For wood-based insulation materials only: Balance of the woods used, showing the proportion of certified wood used. |
| Annex 8: Test report of a rapid weathering test according to Annex B or alternative evidence (with assessment report of the IBP). |
| Annex 9: Product information (technical data sheets, safety data sheets, processing instructions) either as files or as links to the websites of the distributor. Only for insulation materials made of mineral wool : Text of the packaging imprint or the enclosed leaflet with information on processing, for example in the form of pictograms or notes. |
| Annex 10: General construction technique permit (aBg), the national technical approval (abZ) and/or the European Technical Assessment (ETA) for the external thermal insulation composite system |
| Annex 11: If the ETICS has an ETA that corresponds to the German technical rule "WDVS mit ETA nach ETAG 004" (ETICS with ETA according to ETAG 004), the applicant shall present and enclose the corresponding certificate. The certificate submitted by the applicant confirms that the building product (components) named in the application complies with the provisions of the European Technical Assessment and also the German technical rule "WDVS mit ETA nach ETAG 004" (ETICS with ETA according to ETAG 004). |
