Re: Application for Blue Angel for Low-Emission Thermal Insulation Material and Suspended Ceilings for Indoor Use (DE-UZ 132)

Dear Sir or Madam,  
to make sure your application for Award of the Environmental Label is processed without delay you are kindly requested to submit the following documents to RAL gGmbH:

<b>Application via Web-Portal</b> ( <a href="https://portal.ral-umwelt.de/">https://portal.ral-umwelt.de/</a> )
<b>Annex 1:</b> (manufacturer's declaration/form), completed and signed..
<b>Annex 2:</b> (Supplier's declaration/form): To be used as an <b>alternative</b> to Annex 1 if the manufacturer is unable to provide the declarations.
<b>Annex 3:</b> (Supplier's declaration/form of the insulation manufacturer): To be used as an <b>alternative</b> to Annex 1 if the manufacturer is unable to provide the declarations.
<b>Annex 4:</b> Only for insulation materials made of <b>mineral wool</b> : Proof that the insulation materials meet the requirements of the RAL Quality Mark "Products made of Mineral Wool" of the Quality Assurance Association Mineral Wool e.V. Text of the packaging imprint or the enclosed leaflet with information on processing, for example in the form of pictograms or notes.
<b>Annex 5:</b> For <b>wood-based</b> insulation materials only: Certificates of the raw material suppliers (Forest Stewardship Council (FSC), Naturland or PEFC (Programme for the Endorsement of Forest Certification Schemes)).
<b>Annex 6:</b> For <b>wood-based</b> insulation materials only: Balance of the woods used, showing the proportion of certified wood used.
<b>Annex 7:</b> Only for <b>coated products</b> (dyes/pigments): Declarations of the manufacturers/suppliers of the coating products.
<b>Annex 8:</b> Test report according to the requirements in table 1 based on the standard DIN EN 16516 (not older than 24 months). If the product is manufactured in different production sites, the applicant shall ensure and <b>declare</b> that the requirements are also met at all production sites. <b>Optional:</b> Test report according to DIN ISO 16000-28 in connection with VDI 4302 for a test of the odour properties.
<b>Annex 9:</b> Product information (e.g. technical data sheets).
<b>Annex 10:</b> Product list (to be uploaded as Excel file)

If the duration is extended, Annexes 1, 2, 3 and 8 must be resubmitted after 31.12.2024.

For **extension applications** (**identical** products), i.e. products that are applied for under a different product name and/or retailer, have to be uploaded:

- Annex 9 (for mineral wool also label Annex 4)
- Annex 10
