

Declaration by the Manufacturer of the Office Equipment with Printing Function

Manufacturer (or also the parent company):

The manufacturer hereby confirms for the conflict materials tin, tantalum, tungsten and their ores as well as gold contained in the office equipment with printing function that he actively supports local initiatives in the region that promote the sustainable mining of these conflict materials in conflict-affected and high-risk areas. Initiatives in the region follow a holistic approach and focus on both human rights issues as well as other relevant social and environmental issues.

The manufacturer supports the following local initiatives to promote responsible mining:

Solutions for Hope (SfH)¹

ITSCI Programme for Responsible Mineral Supply Chains²

Fair Trade Gold³

Fairmined Gold⁴

Responsible Minerals Initiative⁵

Conflict Free Tin Initiative (CFTI)⁶

The European Partnership for Responsible Minerals (EPRM)⁷

The Membership of the manufacturer of the devices is verified by the presence of the manufacturer's name on the list of members on the website of the relevant initiative(s).
