Re: Application for Blue Angel
(DE-UZ 194 / DE-UZ 201 / DE-UZ 202)

Dear Sir or Madam,
to make sure your application for Award of the Environmental Label is processed without delay you are kindly requested to submit the following documents to RAL gGmbH:

Application via Web-Portal
Application via WEB-Portal: https://portal.ral-umwelt.de/
Annex 1 (Excel calculation file and declaration of the manufacturer), filled-in and signed . Upload Excel-file.
Declaration from the raw material manufacturer, Declaration from the fragrance manufacturer (if fragrance in the formulation). Upload documents.
Actual safety data sheets of all raw materials. Upload documents.
(If not all substances in the DID list Part A): For ingoing substances not included in the DID list-part A, associated documentation about the determination of the values using the guidelines described in the DID list-part B. Upload documents.
(If biocides in the formulation): documents about the values for their BCF and/or log Kow. Upload documents.
(If biocides in the formulation): Information about the dosage required to preserve the end product. Upload document.
(If colouring agents in the formulation): documents about the values for their BCF and/or log Kow or documentation that verifies that the colouring agent is approved for use in foodstuffs. Upload documents.
If applicable: Documentation for anaerobic degradability if an ingoing substance other than a surfactant may be exempted from the requirement for anaerobic degradability. Upload documents.
For recertified products that contain palm/palm kernel oil: Fill in and upload questionnaire.
If available: Documents proving a take back and refill system for the packaging. Upload documents.
Declaration of the packaging manufacturer or supplier (Annex 2), filled in. Upload documents.
If applicable: Documents proving a take back and refill system for trigger sprays. Upload documents.
If applicable: Certificates from recycling companies (Annex 2). Upload documents.
If applicable: Certificates for the recycling content (paper/cardboard) or Post-Consumer Recycling plastic. Upload documents.
If applicable: Certificate issued by registered experts within the meaning of Section 3 (15) of the Packaging Act or dual systems. Upload documents.
Photos or technical drawings of the primary packaging. Upload documents.
Actual safety data sheet of the end product. Upload documents.
Label (e.g. Layout) of the end product. Upload documents.
If present: Technical datasheets of the end product. Upload documents.
Test report about cleaning performance (fitness for use). Upload documents.

Only for Hard surface cleaning products: If applicable: Describing or demonstrating how the spray bottles that are part of the packaging can be refilled. Upload document.

Applicable to new applicants: Forms and documents that must be submitted **15 months** after the contract was signed if palm/palm kernel oil based surfactants are used in the product:

- For ordinary members: Number of the RSPO membership number, certificate, audit report
- In case of use of Einsatz exclusively RSPO-certified raw materials (less than 500 t PO/PKO): Excel-file with calculations for the palm/palm kernel oil used in the production period. Proofs of purchase for the surfactants (MB, SG or IP)
- If applicable report of supply chain audit (mandatory in case of use of „MB claim transfer cross referencing“)

Hints:

For **extension contracts** (Products with identical formulation), this means products to be marketed under another brand/trade name and/or other marketing organizations following documents are to submitted:

Declaration that formulation and (if true) that packaging is identical (form)
Label/SDS of the product
If not identical for packaging all relevant documents for packaging
if appropriate additional documents 15 months after the contract was signed (amounts)
