

**Annex 0 to the Application according to
RAL-UZ 171 Environmental Label for
Office Equipment with Printing Function**

**Please use this Form
only**

Checklist and Declarations by the Applicant

1. Involved Parties

Applicant (holder of the label): This company makes the application and receives the application invoices as well as the annual invoices. The Contract on the Use of the Environmental Label is concluded with this party.

Contact person, company name, address, VAT-No

By way of derogation, the following company is in charge of applications:

Contact person, company name and address

By way of derogation, the following company is the invoice recipient:

Contact person, company name, address, VAT-No

For the application invoice by the RAL gGmbH the following order number is to be used:

Distributor 1 (user of the label): This company puts the devices on the market and is the only supplier named on the website/webpages of the Blue Angel.

Contact person, company name and address

Distributor 2 (user of the label): This company puts the subject matter of the contract on the market and is the only supplier named on the website/webpages of the Blue Angel.

Contact person, company name and address

Manufacturer: This company produces the subject matter of the contract and is in charge of the production respectively.

Contact person, company name and address

2. Devices proposed for this application

Device performance features and technologies used:

Name*	MFD	Copier only	Printer only	Mono-chrome	Colour	Electro-photo-graphic	Ink(Jet)

* Please note: These names will be included into the contract and published on the website/webpages of the Blue Angel accordingly.

The above listing of devices proposed for application confirms that these devices are in the scope of the RAL-UZ171, i.e. the devices

- offer at least printing or copying as their primary function,
- are at least capable of producing monochrome or colour printouts on standard paper with a grammage of 60 to 80 g/m²,
- are capable of processing media of up to a maximum format of A3+,
- feature electrophotographic printing technology using toners (LED or laser technology) or ink(jet) printing technology using inks (or gels, or waxes) and
- do not exceed noise emissions levels of 75 dB during printing or copying (as declared A-weighted sound power levels).

3. Contract Details

No.	Name	Device application for the first time (basic contract)	Device is identical to a device for which an application was already proposed*	Identical to a device with the following device number of this application or with the following contract number	Supplier to the market: Applicant, Distributor 1 or Distributor 2	Device was put on the market before 1 Jan 2013
1						
2						
3						
4						
5						
6						
7						
8						
9						
10						
11						
12						

* This does not apply to devices of identical construction according to Appendix B-M. Should the device be identical to another manufacturer's device, then Annex 13 has to be submitted additionally.

If not Germany: the devices will be offered with reference to the Blue Angel in the following countries:

	After conclusion of the contract the devices can be disclosed on the website/webpages of the Blue Angel.
	After conclusion of the contract the devices shall not yet be disclosed on the website/webpages of the Blue Angel but only upon a respective request by the applicant.
	After conclusion of the contract a certificate in German language is desired.
	After conclusion of the contract a certificate in English language is desired.

Date: (Signature of authorized representative and company stamp)

4. Checklist for the applicant:

Annex	Who	When	Explanations
0	Applicant	<u>Always</u> required	It is helpful to submit Annex 0 as a filled-out and saved PDF file (without signature) together with Annex 8a additionally in electronic form to the RAL gGmbH. For each application only <u>one</u> Annex 0 is to be submitted, if possible. Only when applying for more than 12 devices at the same time several Annex 0 documents can be used.
1	Manufacturer of the devices	Always required*	Whenever possible, only <u>one</u> Annex 1 is to be submitted per device or per device series (for devices of identical construction according to Appendix B-M). Only when applying for more than 12 devices at the same time several Annex 1 documents can be submitted. If applications for devices of identical construction of a series are made at a later time than for other devices of the same series, Annex 1 should be submitted with those new devices <u>added</u> .
2	Distributor	<u>Always</u> required	For each particular application <u>one</u> Annex 2 is to be submitted. Only when applying for more than 12 devices at the same time several Annex 2 documents can be used.
3a	Manufacturer of the devices	Always required*	Whenever possible, only <u>one</u> Annex 3a is to be submitted per device or per device series (for devices of identical construction according to Appendix B-M).
3b	Distributor	<u>Always</u> required	Whenever possible, only <u>one</u> Annex 3b is to be submitted per device or per device series (for devices of identical construction according to Appendix B-M).
4	Manufacturer of the devices	Always required*	Whenever possible, only <u>one</u> Annex 4 is to be submitted per device or per device series (for devices of identical construction according to Appendix B-M).
5	Plastic manufacturers	Always required*	It is sufficient for application to only submit <u>new</u> Annex 5 documents; declarations which had already been submitted are stored at the RAL.
6a	Manufacturers of toners/inks or device	Always required*	It is sufficient for application to submit <u>new</u> Annex 6a documents only; in all other cases it can be referred to existing contracts.
6b	Manufacturer or Distributor	Always required*	It is sufficient for application to submit <u>new</u> MSDS documents only; in all other cases it can be referred to existing contracts.
6c	Manufacturer or Distributor (AMES test)	Only if AMES test is not included in the MSDS	

7a	Test laboratory	For devices according to Annex 1	Annex 7a is to be submitted only once per device or per device series (for devices of identical construction according to Appendix B-M).
7b	Test laboratory	For devices according to Annex 1	Annex 7b is to be submitted only once per device or per device series (for devices of identical construction according to Appendix B-M).
8a	Manufacturer of the devices	Required for each device proposed for application*	In addition to the printed out version of Annex 8a, the document is to be submitted to the RAL gGmbH in electronic form .
8b	Manufacturer of the devices	For devices according to Annex 1	Annex 8b is to be submitted only once per device or per device series (for devices of identical construction according to Appendix B-M).
8c	Manufacturer of the devices	For devices according to Annex 1	Annex 8c is to be submitted only once per device or per device series (for devices of identical construction according to Appendix B-M). In addition to the printed out version of Annex 8c, the document is to be submitted to the RAL gGmbH as Excel-sheet if possible.
9	Test laboratory	For devices according to Annex 1	Annex 9 is to be submitted only once per device or per device series (for devices of identical construction according to Appendix B-M).
10	Test laboratory		Always required together with Annex 9; can be stored at the RAL (see Annex 1).
11	Distributor		Only required with the first application of the particular distributor or when there are changes in the document (see Annex 2).
12	Distributor	<u>Always required</u>	Is to be enclosed in German language.
12a	Distributor		Only required, if parts of the information required by Appendix E-I are included in the product documentation.
13	Manufacturer of the devices	Only for the application of <u>identical</u> devices	Provided that <u>identical</u> devices of the same distributor are applied for under different device names, an enlargement contract can be concluded.

* Exception: not required for applications of identical devices (only Annex 13 is required)

For proving that certain devices are of identical construction according to Appendix B-M it can additionally be required to submit appropriate documents (preferably with product images) for explanation.
